DINNER WITH THE OLD MASTER, TOM LEBAMOFF

Thomas Lebamoff, a Purdue IE '89 grad, traveled back to campus as an Old Master of 2021. Students dined with Mr. Lebamoff during the night of November 9th, who discussed a variety of topics and passed on his wisdom to the future grads. This was an incredible opportunity for current IEs to gain advice from a successful CEO.

Mr. Lebamoff founded Exactus Advisors, a firm that specializes in solving complex business cases for a wide range of clients. He has over thirty years of experience, and served as an outstanding resource for current Purdue students to gain advice and knowledge from. Special thanks to Mr. Lebamoff for sharing his insight with us!

NEWBIE MINI GOLF

On November 14th, NewbIEs gathered at Monster Mini Golf in Lafayette for an afternoon of chaotic music, neon lighting, and some *fierce* competition. NewbIEs started strong with impressive scores on the first few holes, but things quickly took a turn for the worst when several members were unable to get past a treacherous obstacle: a five-inch hill. What strength these newbIEs exhibited in overcoming this dilemma. It's almost as if the scores weren't cut off at 8 strokes!

On November 20th, students competed in the IISE and SHPE Case Competition for $2250 in prize money! The contenders competed individually and were each judged by a consultant. The students were given a half hour to gather their thoughts and present their ideas. This competition serves as a great way for students to determine if they are interested in consulting. No matter their level of success, each competitor walked away with consulting experience that will certainly add to their toolbox of skills. Congrats to all who participated!
