BOARD PICTURES

Last month, IISE was able to update their board photos. These photos will make their way over to the Purdue IISE website and social media platforms. Now the world can once again be graced with the members' beautiful faces plastered all over the internet. Shout out to the *Starship* robot that made a guest appearance in the all-member shot!

HOWDIE HOEDOWN

On October 22nd, Purdue IISE traveled a short distance off campus to attend their annual HowdIE Hoedown! This year's barn dance took place at Exploration Acres, a local amusement center boasting northwest Indiana's largest corn maze and pumpkin patch. After a meal of pulled pork and mac n' cheese (which was consumed at an alarmingly fast rate), members ventured through the twenty-two acre maze to find themselves just as lost amongst the corn as they are in their classes. Alas, the students were able to find their way back to the barn for a cutthroat pie eating competition. Thanks to everyone who came!

TALWAR WOMEN IN TECHNOLOGY SCHOLARSHIPS

Women in STEM are a force to be reckoned with (watch out, patriarchy!) IISE is proud to say two of its members, Adeline Hauck and Olivia Murchie, have received the Talwar Women in Tech Scholarship. Congrats Adeline and Olivia!

OCTOBER INFORMATION SESSIONS & LEAN CERTIFICATION

IISE PRESENTS...

**VIRTUAL
ALUMNI
SEMINAR #2**

OCTOBER 18TH @7PM EST

On October 18th, the second Virtual Alumni Seminar was hosted by IISE. This seminar featured Neale and Josh Moore, two Purdue IE students with a record of accomplishments. Thanks to the Moores for a captivating presentation!

Alpha Pi Mu and IISE teamed up for a Tesla discussion panel on October 21st. Students were introduced to internship and job opportunities as well as the application process for both. Good luck to everyone applying!

TESLA

APM & IISE JOINT EVENT

**TESLA
DISCUSSION
PANEL**

10.21.21 • ARMS B071

COME DISCUSS INTERNSHIPS AND
TALENT PIPELINING WITH TESLA

IISE was proud to host its former president, Pamela Yuan, who came to talk to current members about her career evolution. She offered advice on seeking and landing jobs, as well as developing negotiation skills, which she says landed her incredible opportunities. Thanks for a fascinating presentation, Pamela!

IISE PRESENTS...

**LEAN
CERTIFICATION
WEEKEND**

On the weekend of October 29th, IISE presented an opportunity for students to get Lean Certified. If you missed this opportunity, be sure to keep an eye out for more exciting professional development events to come!

IISE PUMPKIN PAINTING NIGHT

On the evening of October 26th, IISE Board members gathered together to paint pumpkins! Notable designs included a fantastic rendition of a globe, the Purdue train logo, and many more. Glad to see these IEs getting creative!

Below are upcoming events for November and December. We hope to see you there!
